

Dear Parents

At the start of the Reception Year your child brought home a letter detailing a week by week guide to the intended sounds taught as well as the book or topic to be covered. In November your child took home a learning journal. I wish to gather some feedback as this is the first year that it has been in place. I would be grateful if you could answer the following questions.

Is it useful to have a week by week guide to the sounds taught in class?
